PLEASE COMPLETE & PRESENT TO THE VET OF YOUR CHOICE LISTED BELOW

This program is for Covington County residents and individual household pets, only. It depends solely on funds raised locally through annual fundraisers and donations and is limited in scope. It is not intended for animals 'in heat', emergencies, or for households with multiple pets that need to be spayed or neutered – although, with approval, litters of kittens and puppies may be included when the mother is also being spayed. Only spay/neuter/rabies vaccinations are included in this program. Any additional expenses incurred are the responsibility of the owner. Have questions? Please message us on Facebook

TO BE COMPLETED BY OWNER

DATE: _____ **Circle One:** Andalusia Animal Clinic Jones Veterinary Hospital

Apprx. age _____ Apprx. Weight _____

How animal acquired _____

Number of pets in household: _____

If more than one, have they been spayed or neutered? _____

For low-income households and residents who take in and give a stray a forever home.

Proof of rabies vaccination within the past year will be required by the vet. If you have it, then your cost will be only \$50 for your pet. If a rabies vaccination is required then your cost will be \$62 for your pet. Your portion must be paid at time of surgery and AAC or Jones will invoice AAHS for the balance. This program ONLY covers the actual surgery and the owner is responsible for any additional charges that may be incurred.
